

Perry Township Planning Commission Minutes  
October 18, 2018

Members present: Larry Place, Joe Ocenasek, Duane Wood, Walter Saxton, Sandra Michalek. Excused: Mark Fraser. Guests: Francis Griffith & Justin Horvath, SEDP

Agenda: Wood moved, second by Saxton to approve the agenda. Carried

Minutes: Saxton moved, second by Ocenasek to approve September minutes. Carried

Unfinished business: Horvath reported on the updating of our Master Plan being done by SEDP. Some material doesn't even exist anymore and should be removed. He presented an electronic drive of the updates to give to the Clerk. They used a lot of 2017 information until the new census info is available. They got crop information from U.S.D. A. and D.E.Q.

The Bath Rd. property is working on funding. There is a solar farm proposed in the county and it will be the biggest in the state. \$16 million will be spent to build it in the farming area.

Township report: The Bath Rd. building needs new ceiling tile and floor registers for heat.

There is no hope for Shiawassee County Jail. The County may want to build a new jail and may put the funding on the ballot on an election for next year.

New business: People are complaining about fences. Some are using pallets to make fences.

Violations and permits from the County were discussed.

Place moved, second by Saxton to adjourn the meeting. Carried

Sandra Michalek, Secretary
