The meeting opened with the pledge to the flag & roll call.

Fraser moved, second b Wood to approve the agenda. Carried

Wood moved, second by Andrus to approve the 3/21/19 minutes. Carried

Twp. Report: The one-acre parcel on Lansing Rd., is owned by DDA. A person is in it for staging and parking of pontoons. They may also erect a building to use for changing oil in their trucks. Recreational marijuana is being discussed at the next city council meeting. 2 men want to have it available in the city and most young people are opposed to it. The Twp. Board may have a work session regarding recreational marijuana.

No unfinished Business

New Business: Discussion on Proposed Ordinance Amendment to Article 16, Administration. Is the County looking to contract this job out and if so, it may take too long or people to wait and get things done?

The County may be trying to bring wording more up to the State law. How will the Register of Dees and Zoning Office co ordinate with each other as to land splits and how will they notify the Township Board? A summary letter would have helped us understand the amendment.

Andrus moved, second by Fraser to approve the above recommendations and send to the township board. Carried

We still need the full 45 days to complete our work for the township.

Some members are attending the Rowe Engineering class this week.

Fraser moved, second by Andrus to adjourn. Carried
