

# Perry Township Planning Commission Minutes

September 16, 2021

Members present: Beth Andrus; Larry Place; Mark Fraser; Joe Ocenasek; Walt Saxton; Duane Wood; Sandra Michalek

Place opened the meeting with the pledge to the flag and roll call.

Fraser moved, second by Saxton to approve the agenda. Carried

Saxton moved, second by Andrus to accept the August minutes and change that Saxton was excused. Carried

Township Report: Fraser reported the Board is waiting to see what Venice & Hazelton townships do concerning the solar moratorium. The Township Board approved an increase for SSESA to \$65 per year per household.

Unfinished business: Andrus spoke to Bennington Township concerning their Master Plan. Their Plan has a little more information than our Plan otherwise they are very similar. Bennington included a ground water plan as they have 3 lakes. They used some aerial photography. Rowe Eng. did their plan<sup>at</sup> a cost of \$5,000.

The census numbers are available and can be put in our plan. Andrus will get the disc and memory stick from Justin Horvath of changes he made to our plan and update the plan for us.

Ocenasek moved, second by Saxton to adjourn. Carried

Due to some members having plans on the October meeting date, we will meet on the 28<sup>th</sup> of October.

Submitted by Sandra Michalek, Secretary
